

Pre-School Learning Alliance

ASD Conference

Comments on evaluation forms

A very useful and informative day. Plus a lovely lunch. Thank you.

A very useful day!!

Not what I expected at all. Perhaps the prelude was not specific enough. Not enough on SEN. Just more about services provision.

Michael Freeston filled the legal section very well under the circumstances. Julia Pithouse was great, she might have been better in the after-lunch slot which was a bit dry. As she kept your interest.

Mr Freeston ran the conference wonderfully and led it after the first speaker failed to turn up. Julia Pithouse was marvellous in portraying the lives of those with autism.

Excellent training and looking forward to the next training.

I came along with a professional and carer's hat on - wanting to learn more about autism. I learnt everything from Julia Pithouse. Although happy to discuss Green Paper SEN but ideal was to "Help Your Autistic Child Succeed". Good conference though.

Disappointing that barrister unable to attend, however, this was dealt with very well. The chairs presentation and discussion re the Green Paper really useful. Information from Christine Grice also useful. Julia's presentation very practical.

Timely and well presented with good cross-section of parents, different teams etc. Thank you!

Parent's view very good. Thought more about ASD would have been covered!

Enjoyed hearing from the voice of experience, a parent! Would like to hear more of this when the green has been narrowed down. A course about this would be helpful.

Will Steve Broach event be free? Particularly wanted to hear him speak.

Very good and helpful. Really enjoyed Julia Pithouse's presentation.

I had a parent attending to this conference with me and the conversation we had about the green paper was very overwhelming for the parent. Having said that Julia Pithouse's speech was fantastic for the parent to hear.

Chair covered for the loss of speaker very well. Julia Pithouse - excellent

Michael F. did a great job at managing the space left by Steve Broach's absence. Julia Pithouse was absolutely fantastic! Val, Jennifer and Kate and team, what an innovative, entrepreneurial idea - congrats!

Julia Pithouse was excellent and we really enjoyed her talk. Great day. Thank you

Julia Pithouse discussion was very insightful with information, and human. Overall this conference was excellent

Very interested in attending Steve Broach Seminar - can only attend Monday or Friday. Steve Broach was one of my main reasons for attending as a parent.

Thanks for an interesting day. I am glad Lewisham is making progress in its services. I would like to come to any more events: otalex@aol.com Alexandra Lejeune

Julia's presentation was very useful and interesting. Michael did brilliantly in filling in the "extra" time - very useful session.

Excellent day. All the information where very good.

Very informative. Useful hearing a parent's perspective.

I really enjoyed Julia Pithouse and Michael Freeston was good

Room that conference was very warm could be cooler

Very good and interesting conference. Would prefer something different than sandwiches.

Nice venue, thank you

It's OK re-scheduling a conference with Steve, but are we going to be able to get another day off work?
