What are our aims?

The aim of the Parent Partnership Service is to deliver independent information, advice and support to enable parents to feel informed and confident to work in genuine partnership with schools and the Local Authority to remove any barriers to learning in order to achieve the best outcomes for their children.

We work to ensure that parents' views and wishes – and where appropriate those of their child or young person - are heard and taken account of, and support the prevention and resolution of misunderstanding and disagreement.

In our work, every child and family matters. We believe that all children have the right to be safe, secure, healthy and happy and to have the opportunity to achieve their full potential in life.

We produce free termly newsletters to keep parents informed, which are distributed across Lewisham.

Workshops are run twice a year on Secondary and Primary Transfer.
